Stephanie/Scott:

Attached is a submission of validated data collected pursuant to the Background Tissue Survey QAPP Addendum that accompanies the CPG LPRSA Monthly Progress Report # 74 provided under separate cover.

Additionally, please see the attached transmittal letter from ddms listing the associated reference values to be added to the EPA data base and explanation of error messages from the EDP EDD checking software. This letter also explains the second attachment. It is a MEDD file for resubmittal that contains records for one previously submitted lab SDG where the validation level was corrected during the past month by the CPG's data validator.

Please note that the attached zipped data files have been provided as a "ZZP" file and the file extension should be re-named "zip" to open it (in the event EPA's e-mail system rejects this type of file).
